

Wolverine Design Services

For almost a quarter of a century, the most important companies in the Midwest have relied on the expertise of Wolverine Fluid Power to design and assemble their pneumatic projects.

Companies like Boeing, Exel, Extru-tech, Eaton Corp, Cessna, Harley-Davidson, Pepsi, Good-year, GM, Eveready, Kawasaki, Hallmark and hundreds more have trusted Wolverine.

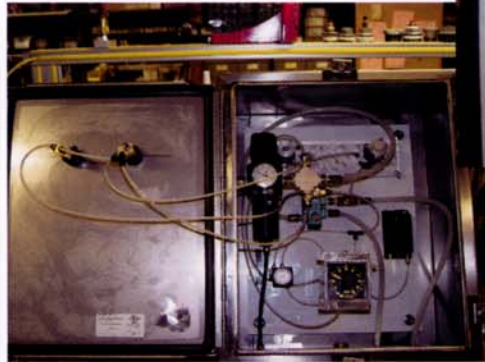

And so can you!

Why? Because these companies know that Wolverine has the know-how to build their project right, with the most reliable components and at a price that can save hundreds (or even thousands) of dollars in design and engineering costs.

Safety Consulting

Call Wolverine for a complementary review and information on guarding, lock-out/tag-out, presence-sensing and other safety devices.
